STUDENT WIFI Access Instructions from an Android device.

STUDENT WiFi can be used by authorised staff and six form students in accordance with the school's BYOD policy which can be found here

https://bvgs.co.uk/wp-content/uploads/2018/04/BVGS-BYOD-AUP.pdf.

| **Staff** | are only permitted to access | BVGS-BYOD-Staff. |
| **Students** | are only permitted to access | BVGS-BVGS-Student. |

Please note although these screenshots have been taken from an Android device they may slightly differ on your own device.

In order to access the STUDENT WIFI system you must carry out the two following steps.
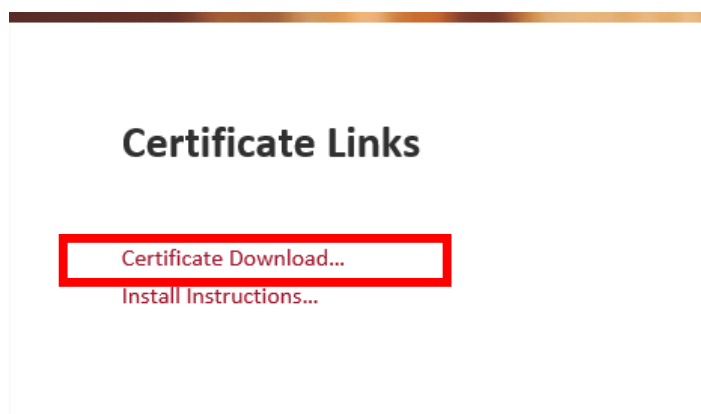

1 Install the EXA certificate.
2 Connect to the School's STUDENT WIFI Wireless.

Step 1 will need to be completed using your 3/4G connection or at home when connected to your wireless**.**

## Step 1 How to install the EXA certificate.

In order to scan for inappropriate content an EXA Networks SSL certificate will need installing on your device before you can use the STUDENT WIFI. The instructions below explain the process of how to install the certificate and then connect the STUDENT WIFI system.

Open up the web browser and go to www.bvgs.co.uk/cert-link   Click "Certificate Download".

Click save.

Name the certificate **EXA-Root**, set the Credential use to "VPN and apps" then click ok.

The certification installation is now complete. Please continue to the next phase below.

Step 2   Connecting to the the school STUDENT WIFI wireless Network.

Step two will need to be completed whilst in school.

Firstly, turn on your wireless and click the appropriate wireless SSID from the list below
        Staff   <u>are only permitted</u> to access   BVGS-BYOD-Staff.
        Students   <u>are only permitted </u>to access   BVGS-BVGS-Student.
